THE SIGNAL

EX-LIBRIS

The Senior Class
presents
the 1944 Signal
of
Dennison High School
Dennison, Ohio

We, the class of 1944, dedicate our SIGNAL to Dino Galentine. Not due to the fact that he was one of the outstanding athletes of his class, having earned two letters in both football and basketball but because he was the first alumni of our school to lose his life in the second World War.

This dedication is a symbol of respect to him and to all others who have given their lives for us-- whether we knew them or not.

Having been only students, we know little of the duties of the Board of Education. We do know that they have regular meetings and often decide serious matters.

During our Junior year, we had a brief period of student government which was started by the Board of Education.

Though we have not always agreed with their decisions, we should not like to be in their place.

SENIOR HISTORY

It was September, 1940, and the school bell rang for the first time that year to summon the 100 boys and girls who were to make up the Freshman Class. We came, some eagerly, some reluctantly, and some not at all.

Our Freshman year, one of the immediate tendencies noted and commented upon by the "powers that be", was that of laziness. As the years passed, this tendency became a clean, cold fact, still noted and still commented upon. Despite the fact that we are but 43 of our original 100, we have managed to maintain and uphold that notorious tradition throughout the years of our high-school career.

Every class which has graduated before us has been very proud of the fact that they have had "beauty, brains, and brawn". We have nothing but our glorious memories of un-cooperativeness, inattentiveness, general inability, and, of course--laziness. We have, however, under the firm hand and guidance of R. W. Poetzinger, C. A. Cain, M. M. Fischer Board, B. Davies, M. B. Pauly, and H. H. Baldwin, managed to turn out the usual number of activities such as: dances, skating parties, weiner roasts, swimming parties, and, of course, our feeble attempts to provide a Prom for our predecessors, the class of '43. There are, of course, in our midst, a few throwbacks from the good classes(?) which have passed before, athletes, musicians, scholars, etc.

Soon we leave Dennison High to face the world with that blasé indifference which our contact with knowledge has left us. Some, no doubt, will face a career. Others will hold to the tradition of the "Class of '44".

(Any resemblance to the usual class history is coincidental, and has no basis in fact. Of course we're only kidding.)

CLASS PROPHECY

JACK'S DREAM

It was one of those bright sunny days when the gentle wind was blowing through the trees. Jack Gatchell was in his afternoon study hall trying to concentrate on his final examinations when all at once his head dropped on his arm and in almost no time at all he was fast asleep. There was a smile on his face and everyone knew that he was dreaming. Even Mr. McCartney could not make himself disturb Jack's peaceful slumber.

Just then a strange thing happened. The room became dark, and above Jack's head a cloud formed and on this cloud was projected his dream.

Suddenly everyone and everything was moved mysteriously into the future. It is now 1954 and Jack, who has just been made the Pennsylvania Railroad' youngest president, is about to take an airplane trip from New York to San Francisco in order to view the railroad situation. Since this is the first time that Jack has ever been to New York, he has decided to see some of the city before starting on his trip. We see him now at Radio City and whom does he meet but that noted radio commentator, Bob Downey. Bob and Jack graduated together back in 1944 and this is the first time they have seen each other since. There are some more D.H.S. students who are in Radio City and Bob asks Jack if he would like to visit some of them. Of course, Jack says he would, so they start with Jimmie Herron, that famous drummer. Jim and his band have been in Radio City for about two years now and in that time he has become quite well known. The three of them, Jack, Bob, and Jim go to lunch at the Eatmore Cafe where they see Wilda Mae Stratton, the Metropolitan Opera Star, her manager, Adrian Robinson, and Mademoiselle d'Coiffure (Peg Shivers) who were discussing some hair styles that Peg was creating for Wilda Mae.

Then, though we don't know just how it happened, but you know how dreams are, Jack was up in his airplane starting on his trip. As the plane was delayed for a few hours at Pittsburgh, Pennsylvania, Jack had a little time to look over the city and to see some of the office buildings. He was very much surprised when he saw Naoma Wise coming from work. She is now private secretary to Baldy, Baldy, and Baldy, the firm that manufactures hair tonic. Naoma tells him that she is engaged to the second Mr. Baldy and that she expects to be married in June.

To put in some time, he decides to visit a radio program. When he reaches the studio, Bernadine Bower is just about ready to start her program, presenting her symphony orchestra featuring Miss Eileen Russell and her French horn. The program is sponsored by the Koffless Kough Syrup Kompany. Their announcer is none other than our old friend Francis Bente. Jack surely is surprised, and because he has seen so many of his old school pals he decides to stop off at his home town, Dennison, to see what some of his other friends are doing. He wants to see what Dennison's new airport looks like anyway. He bids his friends in Pittsburgh good-bye and once again he is up in his plane. As he comes near Dennison he becomes very excited. Upon landing he rushes out to see Dick Brandon who is now an engineer for the railroad. This has always been Dick's ambition and he and Jack remember how they used to work together when they were in high school. Just then they hear a little boy scream from across the street. He has fallen off his bicycle and Jack and Dick help to get him in a car to take him out to the Twin City Hospital to see if he has broken

any bones. When they get there Jack is surprised to find another one of his classmates, Irene McGuire, who is superintendent at the hospital. As it turns out the little boy's name is Willard Liggett, Jr., who is the son of our friends, Willard and Ruth (Reed) Liggett. On his way back from the hospital Jack stops at the high school. Upon arriving he finds that the students are on their way to the auditorium for an entertaining program. The program is opened by Mr. James Parcell, the new principal. The speaker is Lucille Lennex, a representative of the Dipsy-Doodle Circus. Miss Lennex is featured as the world's greatest lion-tamer. Before the assemble was dismissed, Mr. Parcell announced that the tickets for the Uhrichville-Dennison basketball game would be on sale and tha students could purchase them from Miss Lois Jane Trimmer, his private secretary.

While walking down Grant Street he sees no other than Charles Bonifay who is painting the 1955 basketball schedule on the side of the old McCaw drug store building, but now the proprietor of the drug store is Paul Porter. He has enlarged the store so that the stock even includes candy bars. The streamlined clerks are Marjorie Arnold, Norma Hathaway, Donna Jean Kiste, and Rose Alfano.

The shock has been very great so Jack decides he had better be on his way and once again we find him in the clouds. The next stop, Chicago proves to be interesting. This stop is made necessary as the pilot Don Sterling must have the plane repaired.

The first person he sees is Arthur Vought. Arthur came to Chicago to make a success and today he is president of the Garbage Drivers of America. The Vice President is George Paige. And there's Lee Truney getting his photographs for Esquire Magazine.

At Navy pier we find Admiral Bill Greer and General Jim Elliott who are discussing the new tactics on playing tiddley-winks. Ora Bloom has been in Chicago also. She has been kept quite busy keeping track of her three children and her sailor husband.

The next stop is Salt Lake City where we find Martha Brownfield and Nellie Chadd running the All-Inn, the city's largest hotel. In the middle of the business district we find the Super-Duper Food Market owned and managed by Wilma Garbrandt. Her window decorator is Ruth Milhorn.

As Jack has a few extra hours to spend in the city he decides to visit the library. There he sees Teresa Caputo, who is now secretary to Mr. Van Bunion, president of the firm that makes the painless corn pads. They see a book written by Lo An White (Lois Anne Whitaker to us). The title of the book is "Departed With The Breeze."

Jeanne Huff and Kathryn Lennex are working at the information booth at the Fly-Hi Airport.

The last stop is Hollywood!! Jack is greeted by Rowena Maxwell who is now a novelty attraction at Ciro's. She is a combination singer and cigarette girl.

Upon reading a newspaper we are amazed when we read that Jo Wells (the latest paste-up girl) is co-starring with Rudy Menapace in "The Buzzards of Gorey Gulch." The picture features the newly discovered singer, Jo Hunter.

A most overwhelming shock is Ruthie Stoffer as the Dean of the Business Schools and----her specialized course in "How to Make a Hit with the Boss."

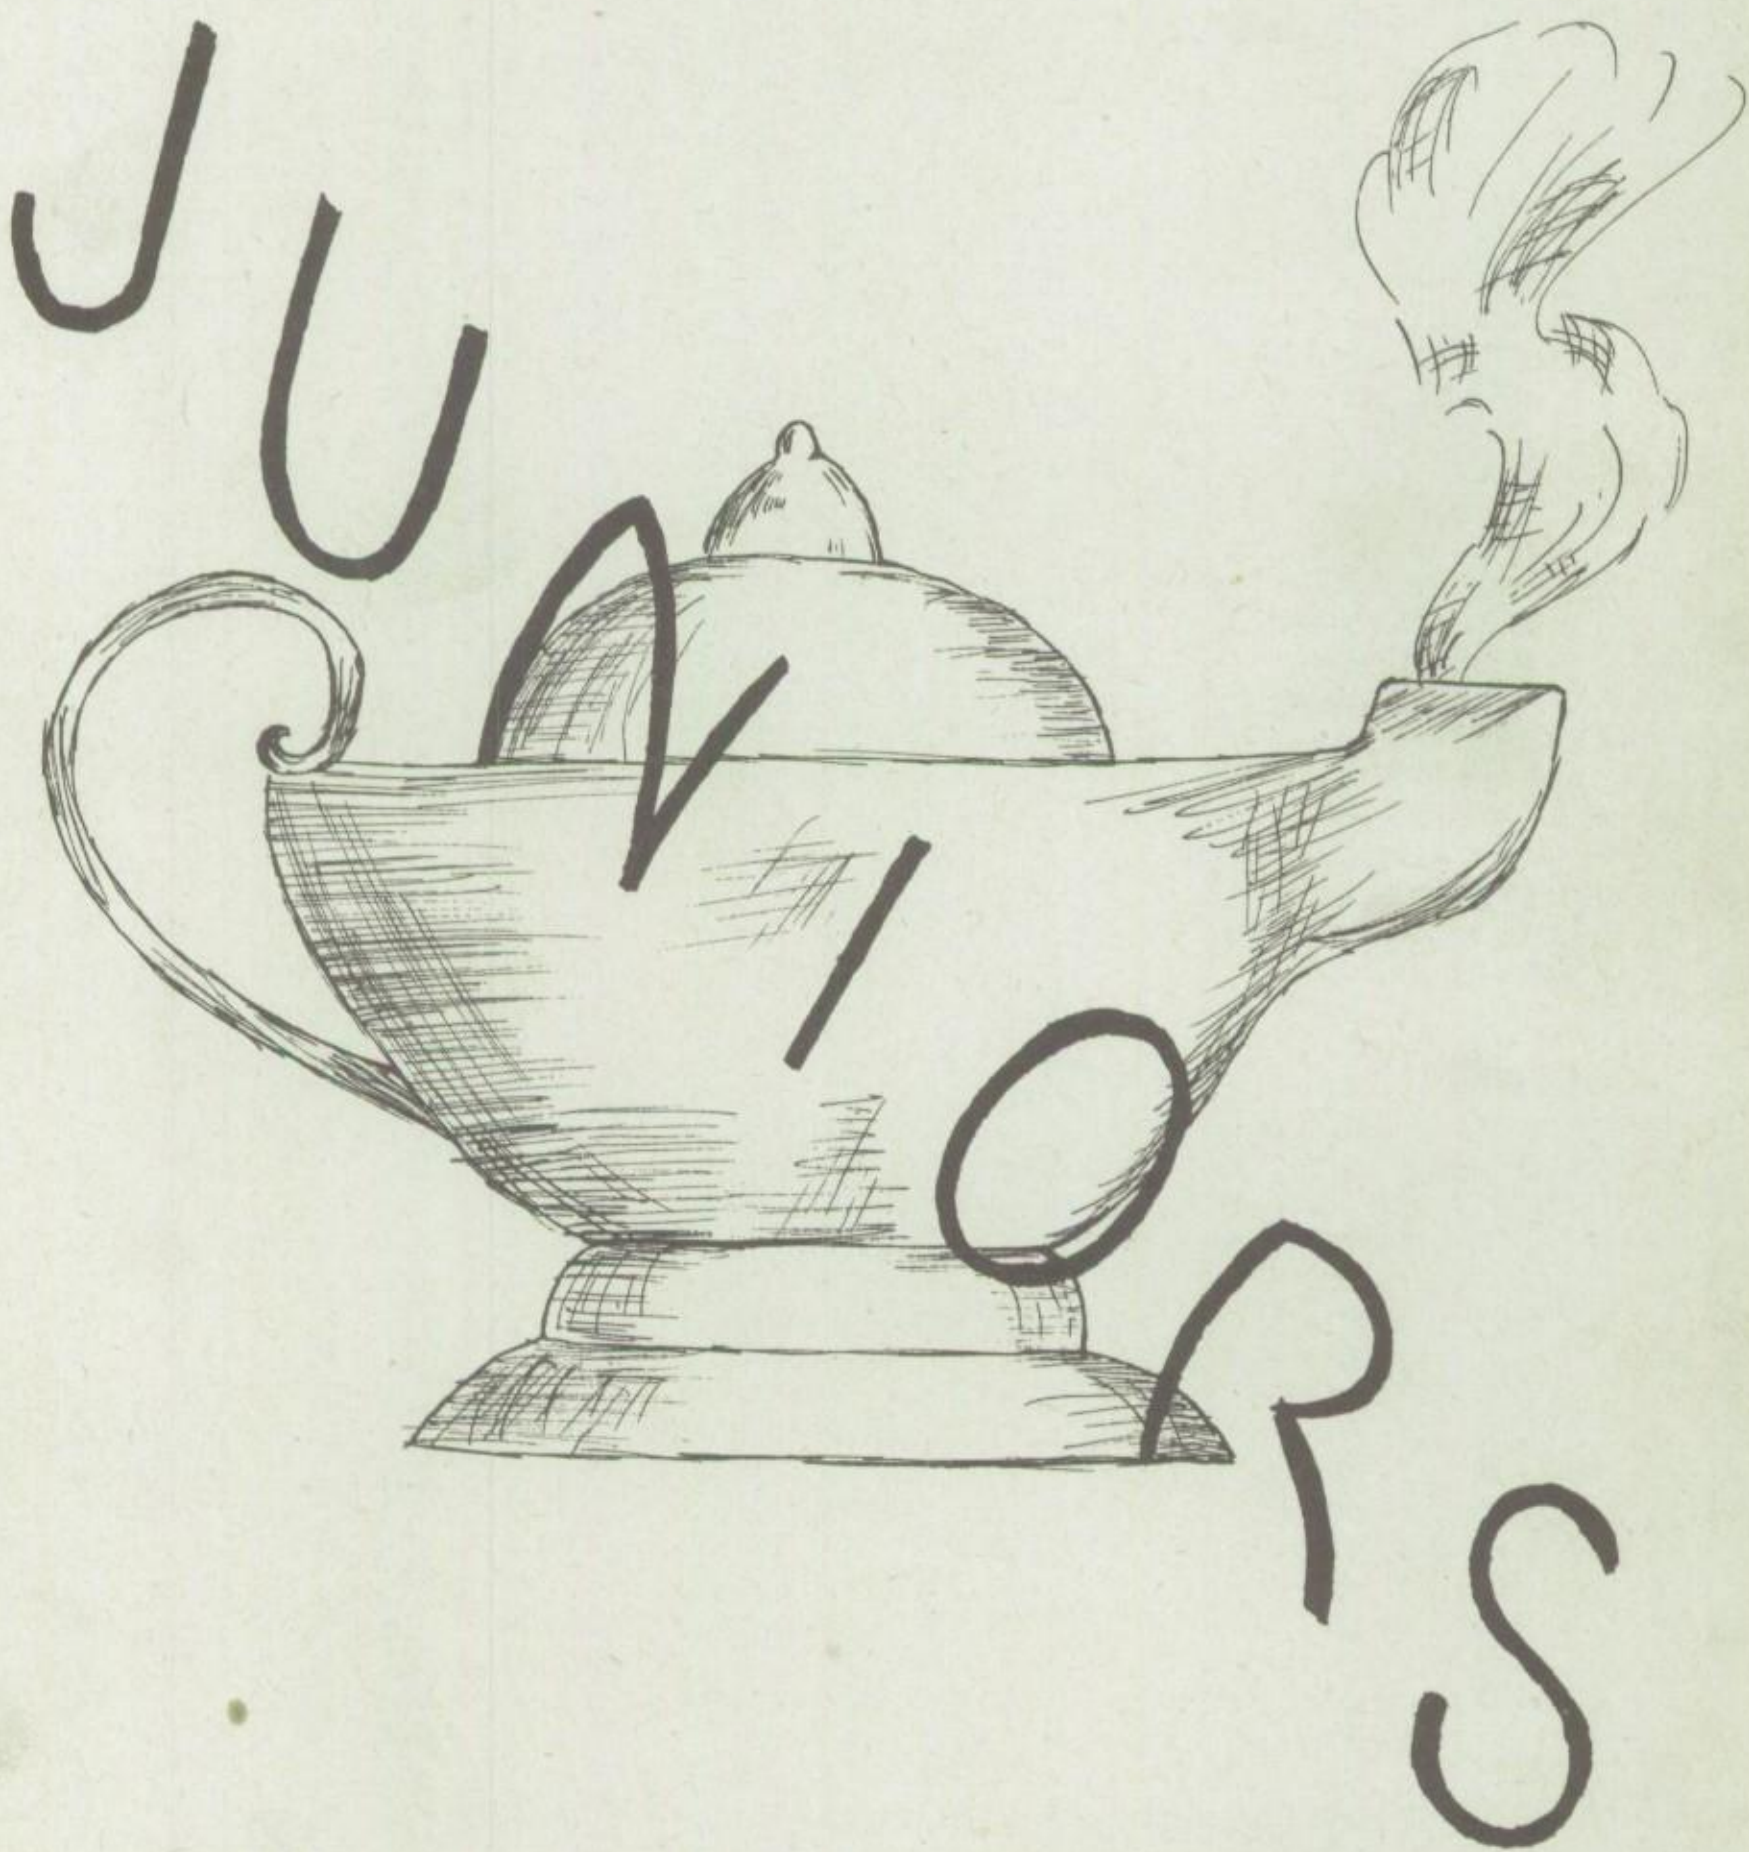

Jack feels a slight pain. It must be indigestion. No, it's only Jim Deeslie telling him it's already 6:30 and supper is over. When he realizes his stupidity he says, "It's only a dream, I hope!!"

JUNIOR CLASS HISTORY

Class Officers

Elanche Galbraith	President
Joanne Richard	Vice President
Shirley Rea	Secretary
Helen Bloom	Treasurer

On September 7, 1941, seventy-nine scared, green freshmen ascended awkwardly up to the lofty halls of Dennison High School. Sixty-five of them stuck it out for the following year and only fifty-five managed to survive for their Junior year.

Those fifty-five managed to compose the backbone of the basketball and football teams, boasted six classmates in the service, and were well represented in all musical organizations. Besides that, they entertained the Seniors at a weiner roast, sponsored a "canteen" dance, a George Washington ball, and a prom that made alumni yearn for the good old school days.

SOPHOMORE CLASS HISTORY

On September 7, 1942 sixty-nine boys and girls were received into the Dennison High School as Freshmen. We were green, but gradually we are turning color and reaching for our goal--to be seniors.

Pres.--Tom Kennedy
Vice Pres.--Frank McGuire
Sec.--Gasper Angelo
Treas.--Jerry Gold

This year the number of sophomores are 63 and we have selected these following as officers:

Pres.--Jerry Gold
Vice Pres.--Gasper Angelo
Sec.--Polly Civiello
Treas.--Kate Hostetler

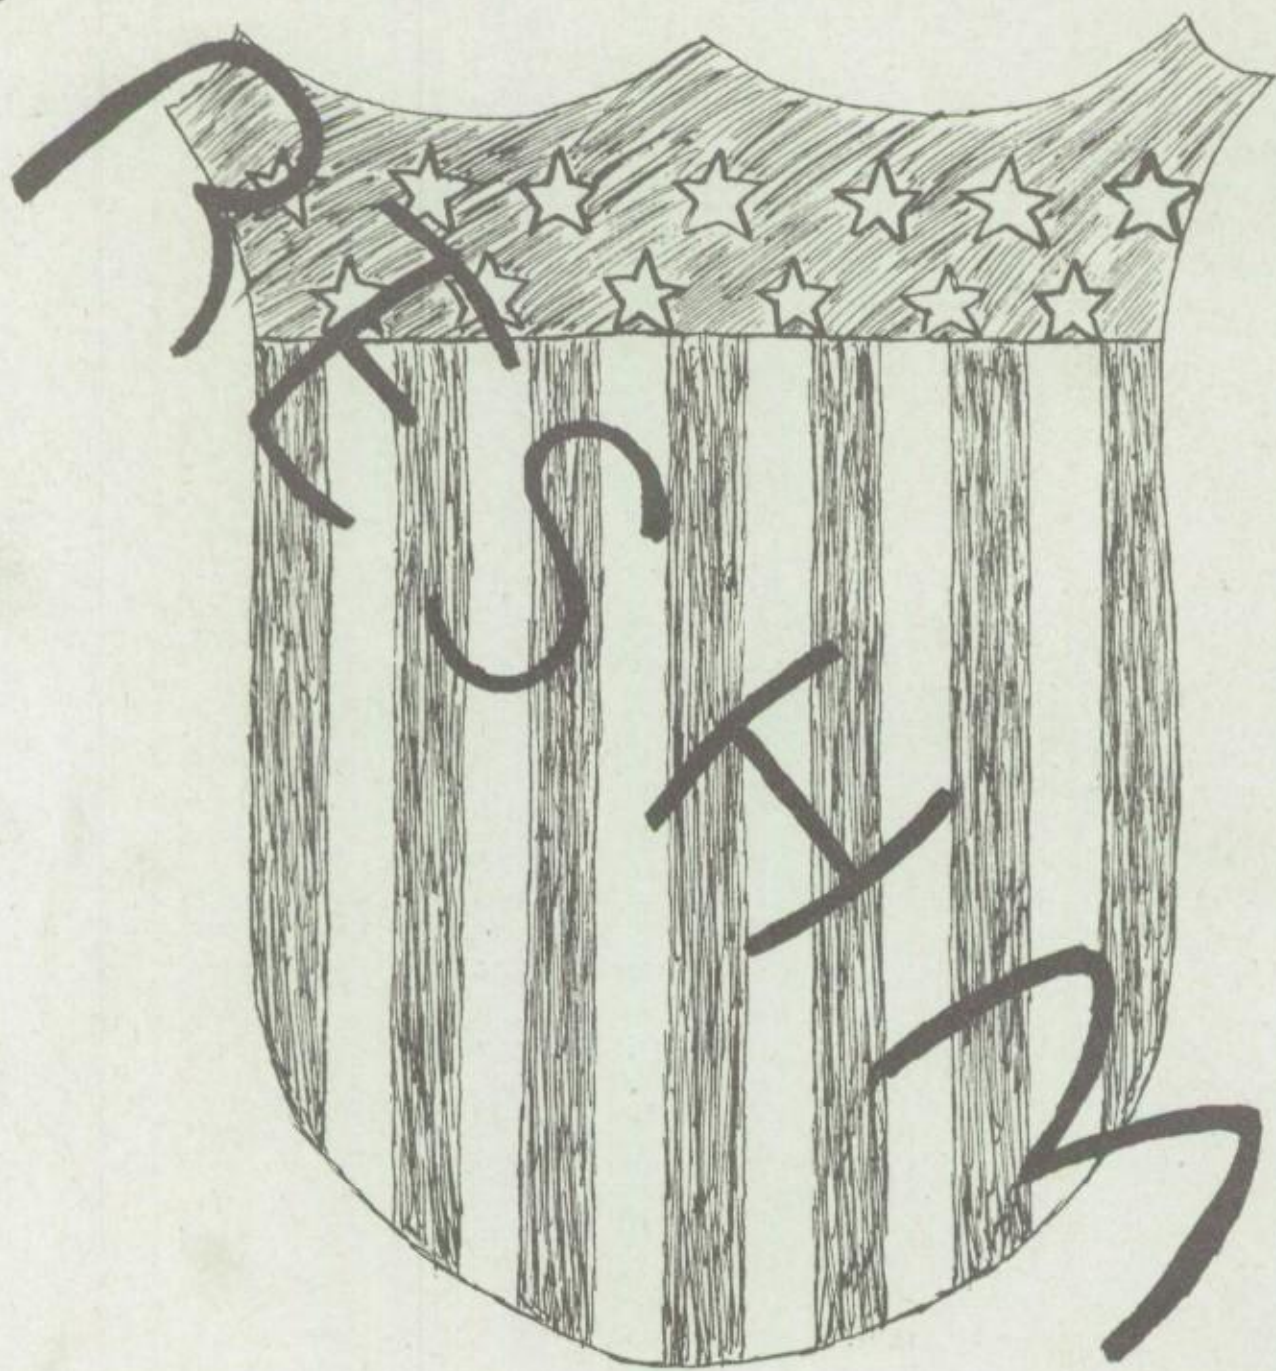

During the last two years we have done as much as possible for the good of the school. We sponsored a weiner roast and a swimming party. This year so far we have sponsored nothing but hope to in the bright future ahead.

So far we are well represented in all fields of activities. Our boys have been in many athletic activities. Our class is taking part in the Bank, Orchestra, Girls' Chorus, Girl Reserves, Hi-Y, G.A.A., and Den-Hi Staff.

We, the class of 1946, are looking forward to two more happy, industrious years at D.H.S.

BASKETBALL

As the tournaments had not been played as this publication went to print, it was impossible to give the lettermen this year but we have given a list of the five boys who started the majority of games.

Bob Downey	The only Senior on the squad, Bob played a good game at forward and was the team's high scorer for the year.
Bob Marty	A Junior, Bob played the other forward and was always in there giving his best, which was pretty good.
Harry Hargrave	The only returning letterman on the Varsity squad, Harry played center and was always in there getting the tip.
Rodney Hill	Another Junior, played guard and was the Railroader's strongest defensive player and could always be counted on for a couple points when needed.
John Finn	A Sophomore, Mickey played his first year of varsity basketball and was consistantly in there giving his best.

COACHES

Our students are very proud of the work that our coaches have done. They have done much more than their share and their untiring efforts are appreciated by all.

CHEERLEADERS

This year our cheerleaders have been very faithful, and aid the entire sports section.

Peg has been with the group for three years and has done a very splendid job.

Rosie has only been in for one year, but has proved to be very loyal.

Shirley Rea and Joan Richard have another year yet, and we know they will continue their duties in very fine style.

SPORTS IN '43-'44

This year at Dennison things have been different. There has been no undefeated football team and no champion basketball team. In fact, the football record is the worst in fifteen years and the basketball record is just average.

With our football team personnel slashed by the draft and with sickness and injuries always dogging our footsteps, we managed to limp thru one of those seasons when the breaks all go the wrong way.

During the regular season, the Railroaders won but one of the eight games played, that with Carrollton in the seventh game. In the season opener with Canton St. John's, a newcomer on our schedule, we were beaten by 40 points. In the second game at New Phila, we extended our line of losses to two when the Quakers trampled us in the dust of their home stadium to the tune of a 33 to 0 defeat.

The next week at home again, St. Clairsville beat us for the second time in two years. Then came the Madison-Mansfield game at Mansfield and with it the first whiff of a Dennison victory. Leading 12 to 6 going into the Fatal Fourth the Railroaders got that old overconfident feeling and laid down, even refusing to scare when Mansfield tied the score. Then a few seconds later when Mansfield pushed out in front with another touchdown the boys started rolling but it was too late and Dennison chalked up her fourth defeat. The next week was the Big Game with our traditional rivals, Uhrichsville. In this game there was no score in the first quarter, but when the gun went off it was Dennison's ball on Uhrichsville's 3 $\frac{1}{2}$ yard line. Apparently the rest between quarters cooled off the Orange Riders for they failed to score the touchdown in the opening moments of the second quarter and also failed to do so during the rest of the game. Uhrichsville chalked up 19 points on their side of the scoreboard, and the game ended with the disheartening score of D. H. S.--0, U. H. S.--19. The next week an inspired Cadiz team beat a discouraged Dennison team 39-0. This was the first time in years that Dennison has been beaten by Cadiz. Then came the long trip to Carrollton and Dennison's only victory. Journeying to Carrollton on a Saturday afternoon the Railroaders beat a team which had, according to the Carrollton newspaper expected their first victory in 15 years!! The next week, at home again, the Railroaders permitted the Newcomerstown Trojans to realize a long-cherished ambition, to beat Dennison. Final score, Dennison, 6, Newcomerstown, 13.

EMPLOYEES

Through all our years in school we have encountered school employees.

Employees now working for the school are Ruth Lapp, secretary; Mr. C. E. Arbaugh, attendance officer; and Jim Deeslie and Bob Maxwell, janitors.

If it were not for Ruth it's hard to tell what might have become of some of our projects. In fact, she seems to be the school's secretary, rather than Mr. McCarroll's.
